The Child Vision Research Society first took shape in 1987 at an informal gathering of some 35 child vision researchers held in Oxford, UK. The next meeting, in 1989 was held in Cambridge with some 120 participants. Since then the meetings have been hosted by various research groups in turn every two years.

We welcome you in beautiful Pisa, Italy, for the 17th Biennial Meeting from 15 to 17 June 2019.

The meeting will be held at
